

Wojciech Baginski is an international lawyer qualified to practice law in the US (New York), in Poland and in England and Wales (non-practicing solicitor). He is a graduate of the LLM Program at the University of Virginia School of Law (2008). Wojciech also holds an MBA degree from Northwestern Kellogg School of Management and WHU - Otto Beisheim School of Management

where he received the Social Innovation & Entrepreneurship Scholarship and the Schumpeter Leadership Scholarship.

Wojciech is founder of a boutique law firm – Baginski.Pro

Baginski.Pro is a boutique law firm with significant international experience and extensive network of friendly law firms around the globe. The law firm thrives in virtual cross border, multi-cultural settings. Its work is focused on social entrepreneurship projects, benefit corporations, cross-border commercial transactions, M&A, contracts, and employment law. We have vast experience in corporate and project finance work for startups and venture capital firms.

The firm serves clients mainly in Poland, in the US and in the UK, and can assemble cross border teams to run complex business transactions anywhere in the world.

The firm is engaged in the social entrepreneurship movement and the shared economy concepts. Wojciech Baginski has been working with B Lab for a few years regarding the introduction of the Benefit Corporation concept in Poland and CEE region. In result of this cooperation, a multinational, publicly listed company from Poland has become certified as a BCorp. It is the first in Europe and fifth in the world publicly listed company to become a BCorp.
